

# Wat Bracht EuroStar 2008 ???

Polteq IT Services B.V.

[www.polteq.com](http://www.polteq.com)

[info@polteq.com](mailto:info@polteq.com)

# Tutorials

- A. Approach to Exploratory Testing - James Whittaker
- B. Becoming an Influential Test Team Leader - Randall Rice
- C. Thinking Tools for Test Management - Paul Gerrard
- D. Test Automation The Smart Way - Mark Fewster & Dorothy Graham
- E. Non-Functional Testing as a Full Lifecycle Activity - Julian Harty & Stuart Reid
- F. The Future of Testing Using Agile Methodologies - Ken Brennock & Fran O'Hara
- G. Adaptive Test Management in Practice - Tim Koomen & Michiel Vroon
- H. The Structured Way from Requirements to Test Cases - Chris Schotanus
- I. Questioning Testing Myths: Critical Thinking Skills for Testers - Michael Bolton
- J. Not Available Current State of the Practice - Ross Collard
- K. Where Are We? Making Metrics Talk - Anne Mette Hass
- L. 'Testing of Security' & 'Security of Testing'- Amir Zabetian
- M. How to Diagnose Bugs - James Lyndsay
- N. The Future of Testing is Ours to Make - Fiona Charles

# Dinsdag (middag)

1. Keynote: The End of Testing As We Know It - James Whittaker
2. Best of Both Worlds - Derk-Jan de Groot
3. Analysing Your Defect Data for Improvement Potential - Otto Vinter
4. Test Environments, the Future Achilles Heel - Michiel Vroon
5. Route Cards to Reach 2013 - Mapping the Profession - Isabel Evans
6. Traditional QA Meets Agile Development - Dietmar Strasser
7. Agility and Process Maturity, Of Course They Mix! - Gitte Ottosen
8. Best Practices for Testing in Virtual Environments - Martin Klaus
9. Keynote: Testing on the Toilet: Revolutionising Developer Testing at Google - Bharat Mediratta & Antoine Picard

# Woensdag (ochtend)

10. Keynote: Trends That May Shape Software Testing - Randall Rice
11. Testing, The Next Level - Erik Boelen
12. Tester Needed? No Thanks, We Use MBT! - Elise Greveraars
13. The Damage Zone - Julien Bensaid
14. Put Test in the Driver's Seat - Kristian Fischer
15. Introducing TMMi Level 2 - A Practical Approach - Robert Magnusson
16. Testers in the Board of Directors - Martin Kooij
17. Model-Based Testing of a Financial Application - A Case Study - Bruno Legeard
18. Imagination is More Important Than Knowledge - Kasper Hanselman
19. Heuristics: Solving Problems Rapidly - Michael Bolton
20. Mobile Software Testing - Facing the Future Challenges - Ian Smith and Robert Campbell
21. The Truth About Model-Based Quality Improvements - Bart Knaack
22. Preserving Our Future Through Customer Satisfaction - Bert Jagers

# Woensdag (middag)

23. Testing is an Island - A Software Testing Dystopia - Rikard Edgren
24. Make Your Testing Smarter - Know Your Context! - Graham Freeburn
25. Can Real Test Metrics Predict the Future? - Rob Baarda
26. Red Hot Testing in a Green World - John Brennan
27. The Specified Testers of the Future - Eric Jimmink
  
28. Software Testing - A User's Guide - Erkki Pöyhönen
29. Testing - An Olympic Challenge - Magnus Alvarsson
30. Probalistic Stochastic Test Data - Bj Rollison
31. Can the Past Tell Us the Future? - Dorothy Graham
  
32. The Future of Testing is in New Zealand - David Hayman
33. Establishing Testing Knowledge and Experience Sharing at Siemens - Peter Zimmerer
34. What's Wrong With My Test Data? - Lauri Pietarinen
  
35. Fun Session - The EuroSTAR Testing Quiz

# Donderdag (ochtend)

36. Keynote: Test Maturity Model Integration (TMMi) - Process Improvement for the Present and the Future - Erik van Veenendaal
37. Agile Test Management Using Scrum - Klaus Olsen
38. What Testers Can Learn from Management Gurus - Egbert Bouman
39. Performance Testing in 5 Steps: 'A Guideline to a Successful Load Test' - Mieke Gevers
40. A Statement for the Future - Isabel Evans & Dorothy Graham
41. Where Do 'Old Testers' Go? - Herman-Pieter Nijhof
42. SOA - Agile or Fragile? - Colin Robb
43. Agile Testing At The Speed of Light - Geert Lemmens
44. ISO 29119: The New International Software Testing Standard - Stuart Reid
45. Personal Test Improvement - Dealling with the Future! - Ruud Teunissen
46. Test Patterns: A New Concept for Testing - Henk Doornbos & Rix Groenboom
47. An Entity Model of Software Testing - John Kent

# Donderdag (middag)

48. Two Futures of Software Testing - Michael Bolton

49. Preparing Your Team for the Future - Fabián Scarano

50. Why Do We Bother With Test Strategies - Geoff Thompson

51. Software Testing for the Home Entertainment Industry - David Vandervoort

52. Keynote: Becoming Agile - Reshaping Testing for an Agile Team - James Lyndsay

Avond: Gala dinner

**14 Tutorials  
&  
52 Presentations**

# EuroStarring....

- James Whittaker
- Randall Rice
- Graham Thomas
- Michael Bolton
- James Lyndsay
- Isabel Evans
- Dorothy Graham
- Paul Gerrard
- Stuart Reid
- Erik Boelen
- Ruud Teunissen
- Erik van Veenendaal
- Egbert Bouman
- Derk-Jan de Grood
- Michiel Vroon
- Tim Koomen

# Vorbereiding voor vanavond...

- Alle presentaties door iemand van Polteq bezocht, vervolgens samengevat, beoordeeld en besproken
  - Het belangrijkste punt dat de spreker wil maken
  - Wat voor opvallends zit in de presentatie
  - Wat is het directe nut
  - Wat neem jij mee van de presentatie
  - Hoe groot schat je de impact van het onderwerp/het punt op de toekomst van testen
  - Is dit een onderwerp waar we ons vanuit Polteq nader op zouden moeten oriënteren

# The Cut

WEL

32 presentaties in 3 delen:

1. Model aspecten (Anja Bakker)
2. Agile aspecten (Kees Blokland)
3. Toekomst (Ruud Teunissen)

NIET

De overige 20 😊

# Wat zit er vanavond niet in....

- Test Environments, the Future Achilles Heel  
(Michiel Vroon)
- Performance Testing in 5 Steps: 'A Guideline to a Successful Load Test'  
(Mieke Gevers)
- Testing on the Toilet: Revolutionising Developer Testing at Google  
(Bharat Mediratta & Antoine Picard)
- Software Testing for the Home Entertainment Industry  
(David Vandervoort)

# Observaties

- SOA
- Non functional testing
- Manifesto's
  - Agile
  - TMMi
  - Software Testing
- 90% zijn succesverhalen, inclusief lessons learned

# Vragen

- Graag aan het eind!

# Intro Model aspecten
